## DEVELOPED AND TESTED WITH THE PROS

Castelli is dedicated to making the fastest clothing in the world. We know that race results come through relentless attention to the smallest of details. So we approach every garment questioning how we can make it faster.

We do the basic research, then we test the concepts internally, then we test them with professional athletes and in the wind tunnel.

Right from the start of our triathlon activities we partnered with professional athletes. Together with them we are continuously improving and innovating our triathlon range to make sure that our athletes have the best and fastest equipment for their races.
